My brother has asked my help in getting some information to your office because he is having trouble receiving and sending legal mail at the facility he is currently residing. I really do not know any of the particulars, but I am sending the letter he wrote to me with the information that he felt necessary for your office to be informed that has been sent to your office, not knowing if it has been received.

Thank you for your time,

Diane Weaver

Dearest Diane Marie,

Please fax the United States District Court and apprise the Clerk I sent the following civil actions:

1. Gieck v. Donovan, et al;
2. Gieck v. Donovan, et al, Motion to Supplement;
3. Plaintiff's Exhibits "AC" 1-2 and "AG" 1-3;
4. Plaintiff's Memorandum;
5. Confirmation letter of the above documents with Motion IFP and Trust Account Statement.

My mail has been getting systematically destroyed and I need your help to ensure its uncompromisability. The mail system here is completely:

comphomisedand my discussions with staff have been futile.

I have NOT been receiving my U.S. District Court Legal mail either, at times—but please stress to the U.S.D.C. Clerk for the Southern District of California that I want to KEEP receiving my legal mail here at R.J. Donovan Correctional Center.

Please use the designated facsimile number for the U.S.D.Court. Assumably your number is still (562) 943-0351, facsimile. Thank you very very much.

I am going through some very difficult times so this letter will be brief. Give Dad, Mom, Dennis, Wyatt and all the family my deepest love.

your Loving brother
